ANNOUNCEMENT

A L McCawley authorizes the News to announce his candidacy for the democratic nomination for the office of prosecuting attorney of Jasper county. His platform is: "Strict enforcement of the law—as strong as the law and no stronger; as weak as the law and no weaker—regardless of the individual or class or offenders it may affect." He solicits your support and influence.

Read the article on the road drag elsewhere in this paper and do like Mr. Vaught did—build a drag and use it on the road in front of your farm.

John Ward as street commissioner seems to be as great a success as John Ward as marshal. There's something doing when John takes hold of anything.

The same night that Kansas City failed to raise her saloon license from \$250 to \$1,000, Jasper put her's up to \$2,500. And Jasper can put it up to \$5,000 if necessary.

Whether it is a reality or not the newspapers have got Col. "Bill" Phelps casting his benign influence in state politics. "Bill" may be the "heap bad man" that his enemies picture him, but it is our opinion that a great deal of the talk about him at present is largely for politics sake.

To get the exact political status of the state and county one would have to read both the democratic and republican newspapers and then split the difference. From the republican paper's report of a republican convention we are led to the impression that everything passed off in the most harmonious way possible. From a democratic paper's report of the same convention we are led to believe that the proceedings consisted of one big row from the time the chairman called the meeting to order until adjournment. The same thing is true when it is a democratic convention to be reported, only in the latter case it is the democratic paper which uses the whitewash brush and the republican paper manipulates the muck rake. The fact is both reports are exaggerated and highly colored to suit the occasion. In other words, it is a good idea to take the political gossip in the partisan papers with a little grain of salt.

"DIRECT SLAP AT FOLK"

If a county convention happens to endorse Bryan for president in 1908, it is heralded abroad as a "direct slap at Folk" by those newspapers which have been unable to see any good thing in the present Governor, for the simple reason that they have been nosing around in the muck looking for a chance to hit Folk a dab.

If a cross-roads precinct happens to elect a democrat as a delegate to a convention who was against Folk two years ago, it is a "direct slap at Folk."

If a man who at any time has denounced Folk, happens to be elected dog-catcher, "it is a direct slap at Folk."

If a ward primary happens to adjourn without endorsing the Governor, it is a "direct slap at Folk."

If a convention happens to pass resolutions endorsing the administrations of the several governors of the last dozen years, without laying unusual stress on the present administration, it is a "direct slap at Folk."

Everything that happens nowadays, in the eyes of some, is a "direct slap at Folk."

But, if the people of this bully state could express their sentiments concerning Mr. Folk, he would get a slap sure enough, but it would be a slap of approval on his back, accompanied by a hearty "Good work old man, you are making good, fulfilling the utmost expectations of your friends and winning the respect of those of your enemies who are not too hide-bound to see the truth."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

THE PUBLIC IS WARNED

County WILL BE FILLED WITH Fake Solicitors For Charity Now.

The police of all cities have received instructions to be on the lookout for fake solicitors for funds for San Francisco, ticket sellers for fake entertainments, and many forms of graft which will no doubt be worked upon the unsuspecting public for months, perhaps years to come.

In the first days after the earthquake and fire, San Francisco fire impostors were arrested in New York and several especially. They were working in the downtown financial district.

The notice says: "Business men especially, should be on the lookout for them and make no exceptions. They may appear to you in the form of messenger boys, bank clerks, girls who say they are from the sunny South and hint at society buds doing something for sweet charity's sake, or a person in pseudo-scientific garb with a long visage may go so far as to even exhibit a badge showing that he is connected with some relief work or a gospel army. One and all should be investigated before any money is given them. The ticket seller for the entertainment which does not come off should also be looked out for."

The notice says that all cities of any size have some person or persons to whom the public may appeal in case of doubt and the order is to doubt each and every one from now on until he or she is proved genuine.

The public is warned to be on the lookout for bogus refugees from San Francisco. Tramps and "yegg" men are expected to work the middle west for some time to come with tales of losing all their property, their wives and children in this great catastrophe. The people should be sent to organized charities for investigation. The notice says:

"Not in California alone, will the mendicants revel in imposture, but in every town and city in North America which tolerates mendicancy in any form will be imposed upon by false San Francisco sufferers for a generation to come."—Press.

Postmaster Robbed.

G W Counts, Postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters, which cured me and have kept me well for eleven years." Safe cure for Biliousness, Nourishment, Weakness and all Stomach, Liver, Kidney and bladder derangements. A wonderful Tonic. At Webb's Drug store, 50 cents.

"FAIRVIEW" is the name of a little Western magazine published at Tacoma, Washington, by the Fairview Publishing Co. It is a "Magazine of good nature for rights, sinners, and us," containing breezy Western stories, comment on some patent truths, and is a clear reflection of the great, wonderful West. Fifty cents a year; after June 1, \$1.00. Sample copies 10 cents.

A QUEER STORY.

Uncle Sam has a nephew Joe who wants to make money and as Uncle Sam likes him he lets him open up a queer store and divide profits. But Uncle Sam makes him promise not to open his store near a school. That looks strange because a store can't hurt a school you'll say. Then he can't open it near a church and he has to go begging around to find a place where the men will let him have his store. If he sold shoes or tread he wouldn't have such a time.

And when Joe opens his store what do you think a little girl or boy whether they belong to the L. T. L. or not can go into it and buy a thing. What a loose, some place it must be without the little folks. And then if his stuff is bad for little people it must be bad for big people. Then Uncle Sam shakes his finger at Joe and says, "Shut up at midnight and on Sunday's and if I was Joe I'd keep a store that would shut up at supper time. Then all the nice people would go and see Joe's wife and the little girls would play with Joe's girls. I want the L. T. L. to guess what kind of a store this is. Are there any in this county and how many? Yours lovingly, M S MATTHEWS.

AFFECTS MAIL CLERKS.

Salary Reductions Go Into Effect May 23—Fourteen Clerks Affected.

About 14 clerks of the railway post-office service, running through Cartageo will be affected in salary reductions by a change in the service to be inaugurated between Joplin and Kansas City on May 23.

At present the trains over the Missouri Pacific and Frisco between these two points have carried what is known as full mail cars.

After May 23, these cars will be abandoned on the runs between Kansas City and Joplin, and what is known as a combination mail and baggage car substituted.

This car is devoted to both purposes, the postal department occupying one-half the car.

The change from the larger to the smaller space devoted to the mail service carries with it a reduction of salary of from \$200 to \$300 a year to the postal clerks on the run, and altogether the change will mean a reduction of \$3,500 a year in the salaries of the men affected.—Press.

Fortunate Missourians.

"When I was a druggist, at Linton, Mo.," writes T J Dwyer, now of Grayville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr King's New Discovery as the most wonderful medicine in existence." Surest Cough and Cold cure and Throat and Lung healer. Guaranteed by Webb Bros. 50c and \$1. Trial bottle free.

It is possible to obtain relief from chronic indigestion and dyspepsia by the use of KODOL FOR DYSPEPSIA. Some of the most hopeless cases of long standing have yielded to it. It enables you to digest the food you eat and exercises a corrective influence, building up the efficiency of the digestive organs. The stomach is the boiler wherein the steam is made that keeps up your vitality, health and strength. Kodol digests what you eat. Makes the stomach sweet—puts the boiler in condition to do the work nature demands of it—gives you relief from digestion disorders, and puts you in shape to do your best, and feel your best. Sold by J. K. Schooler.

A good complexion is impossible with the stomach out of order. If pasty, low people would pay more attention to their stomachs and less to the skin on their faces, they would have better complexions. KODOL FOR DYSPEPSIA will digest what you eat and put your stomach back in right shape to do its own work. Kodol relieves palpitation of the heart, flatulence, sour stomach, heart burn, etc. Sold by J K Schooler.
